

## Announcing the 2008 Annual TBI GALA - “A Celebration of Success”

The Biotechnology Initiative (TBI) invites you to join us in a ‘*Celebration of Success*’. On **Tuesday, February 26, 2008**, Grant Tipler, President of TBI, will host our annual President’s Awards Gala at the Four Season’s Hotel in Toronto. This is a “must attend” function for all of us who support biotechnology in Canada. A first class ambiance will provide a background for you and your colleagues to come together in recognition of individuals who have contributed so much to this great sector.

The theme for the evening is ‘*A Celebration of Success*’. Four outstanding individuals will be recognized for their contributions. Our 2007 TBI Awards Gala recipients are:

### ***Lifetime Achievement Award***

**Alan Bernstein**

### ***Community Service Award***

**Susan Smith**

### ***Public Service Award***

**David Lindsay**

### ***Volunteer Recognition Award***

**John Goudey**

TBI’s President’s Awards Gala is a “celebration of success”. It is an ideal opportunity for you to join Grant Tipler and the TBI Board of Directors as we celebrate the contributions of our awardees. I know that you will be inspired by the message that Dr. Bernstein will deliver and to hear about the contribution that each of our awardees has made toward the success of biotechnology in Ontario and Canada.

We traditionally host this event with a keynote address from a senior government official. We have been honoured in the past with addresses including those from Premier Dalton McGuinty, and Mayor David Miller.

Tickets for the event are available through our TBI office. Please contact the office at 416.426.7293 or email [admin@ontbi.org](mailto:admin@ontbi.org)

TBI members	\$275.00 / ticket
Non-members	\$325.00 / ticket
Table of 10	\$2750.00 / table
Table of 8	\$2200.00 / table

Please inquire about event sponsorship opportunities.
